All renderings and plans are artist's conceptions and subject to change without notice. All measurements, locations and features shown are approximate and may vary. All prices, features and materials are subject to change and availability. Equal housing opportunity. Each site is subject to specific site conditions. If applicable, foundation design, exterior finishing and materials, grading/draining and commensurate retaining walls, decks/patios and supporting columns, and other items – may all vary from site to site. Consult your sales team for the specific conditions for your site. 12.13.2024

Kingfisher

Stocky and large-headed with a shaggy crest. Bill is long, straight, thick, and pointed. Powder blue above with white underparts and blue breast band. Females have additional rusty band across belly. Almost always solitary, perched along edges of streams, lakes, and estuaries. Flies along rivers and shorelines giving loud rattling calls. Hunts for fish by plunging headfirst into the water, either directly from a perch or hovering.
